

HDNDS Continuing Education Program Presents:

“Everything You Need to Know About Creating Undetectable Restorations in Composites”

Latest technology updates to aid you in Mastering Anterior and Posterior Techniques of Direct Composite

Speaker: Dr. Joyce Basset

Dr. Joyce Basset practices comprehensive restorative and aesthetic dentistry in Scottsdale, Arizona. She is an accredited fellow of the American Academy of Cosmetic Dentistry and former president, 2015-2016. She is a diplomate of the American Board of Aesthetic Dentistry, an associate member of the American Academy of Esthetic Dentistry, a KOIS Center clinical instructor, an active member in the Academy of Fixed Prosthodontics, and a fellow in the AGD. Dr. Bassett has also served as adjunct faculty, teaching the aesthetic continuum at the Arizona School of Dentistry. Dr. Bassett is an international lecturer, published author, and member of the editorial board of several peer-reviewed publications. The cases presented in her lectures are all published in peer-reviewed journals. She is a recipient of the Lucy Hobbs Award for Clinical Expertise, the AACD Evy Award for Excellence in Teaching Cosmetic Dentistry Education, the Volunteer Dentist of the Year Award by Arizona CASS Dental Clinic, and the Give Back a Smile Volunteer Service Award.

The course: This course is meticulously crafted to update you on the latest

technologies, review current concepts and train your eye to see nuances followed by enhanced hand skills. Techniques to create morphologically precise direct anterior and posterior composite restorations will be discussed and demonstrated. You will develop artistic capabilities by training your eyes to see the different dimensions of color, when evaluating an anterior tooth. You will then learn which opacities and thickness to use in each area to be reconstructed and make a fracture line disappear. Learn when and how to use pink composite to mimic gingiva. Step by step finishing and polishing technique will be shown that predictably will mimic the contralateral tooth’s facial anatomy and reflective surfaces. You will restore both a class IV and build a direct composite veneer and create a morphologically precise undetectable restoration.

Menu:

Cobb Salad \$40

Chicken Marsala \$55

Fettuccine Alfredo \$45

Vegan Primavera \$50

Bolognese \$50

Philly Cheese Steak Sandwich \$45

Friday, March 22nd, 2024 at

Greene Lilly (upstairs) 516 2nd Street, Eureka

2 units Category Core CE offered

Registration begins at 5:30pm, Dinner starts at 6:00pm

Fee includes class materials and dinner. Please send completed registration to HDNDS PO Box 6368, Eureka, CA 95502 by March 19th to avoid a \$10 late fee.
