

**HDNDS Continuing Education Program Presents:
 “From Simple to Complex: What’s new in Digital Design and Technology,
 Veneers, Crowns, Implant Restorations, Composite, Occlusion, Treatment
 Planning, Case Acceptance, Preparation Design, Complex Aesthetic Cases, and
 More” and “The Complex Aesthetic Case: When & How to Open the Vertical”**

Speaker: Dr. Joyce Basset

Dr. Joyce Basset practices comprehensive restorative and aesthetic dentistry in Scottsdale, Arizona. She is an accredited fellow of the American Academy of Cosmetic Dentistry and former president, 2015-2016. She is a diplomate of the American Board of Aesthetic Dentistry, an associate member of the American Academy of Esthetic Dentistry, a KOIS Center clinical instructor, an active member in the Academy of Fixed Prosthodontics, and a fellow in the AGD. Dr. Bassett has also served as adjunct faculty, teaching the aesthetic continuum at the Arizona School of Dentistry. Dr. Bassett is an international lecturer, published author, and member of the editorial board of several peer-reviewed publications. The cases presented in her lectures are all published in peer-reviewed journals. She is a recipient of the Lucy Hobbs Award for Clinical Expertise, the AACD Evy Award for Excellence in Teaching Cosmetic Dentistry Education, the Volunteer Dentist of the Year Award by Arizona CASS Dental Clinic, and the Give Back a Smile Volunteer Service Award.

The course: Course #1: This innovative, fast-paced presentation will explore frequently seen problems that occur during restorative treatment, showcasing a variety of modes of failures. You will learn systematic techniques that can be used to both prevent and remedy these failures. This digitally generated approach will guide the dentist and expedite important design decisions, provide unique patient communication options, and improve the predictability of the aesthetic outcome. You will develop presentation skills and verbiage to instill confidence with your patients, offer realistic patient expectations, and brand you as the go-to dentist. You will leave the course with the whole package necessary to catapult your practice to the top level of aesthetic dentistry. There is something for everyone to learn in this presentation. Course #2: Failures in dentistry are frequently blamed on materials, but, many times we, the dentist are the culprit. We treat the anterior teeth as cosmetic challenges, and we forget to look at the relationship of form and function. This presentation will simplify occlusion by combining dental facial treatment planning in combination with function. By applying a few basic principles, we can design the proper amount of restorative space for our restorations. This innovative, fast pace course will explore aesthetics that are BUILT TO LAST.

Menu:

Breakfast: continental choices and a couple hot items

Lunch: Taco bar, chips and salsa, dessert

Friday, March 22nd, 2024 at

Baywood Golf and Country Club, Buttermilk Lane, Arcata
